Please find attached our SOW for your review. If you think this is good, please forward on as appropriate.

One question, though : I understand this will be a cost+ contract (and not fixed price), but I am assuming we can put limits on hours for certain tasks. We have added in "check-ins", but I will assume that there won't be a blank check and we can budget, as appropriate, as the project advances and we see what the contractor has developed.

David.

OK. Thanks, David.

Also, we have created the PR and it is being routed for approval. Once approved, it will go to the contracts center for processing to Mr. Hudgens.

Thanks

All,

We have the SOW pretty much done. Received comments back from Mike M. and Austin W. I will make minor tweaks based on those and then I will send this out to all of you tonight before I leave, so that we make the due date.

David

Thank you, Cathy! Will you need the Statement of Work from our TEB team to send along with the PR to Mr. Hudgens?

Hi – we spoke with Kennetta Calloway and we were approved for the \$160,000 needed. We will start preparing the PR and will let everyone know when it's been routed in EAS to Mr. Hudgens. Thanks!!
